

GURUPRASANA E S

Data Analyst | Business Intelligence | UI/UX

📍 Coimbatore, Tamil Nadu 📞 +91 6374845560 ✉ guruprasana2005@gmail.com 🔗 <https://linkedin.com/in/guruprasana>
🌐 <https://guru-portfolio.lovable.app/>

PROFESSIONAL SUMMARY

Detail-oriented B.Tech CSBS student with hands-on experience in Data Analysis, Business Intelligence, and UI/UX design. Proficient in SQL, Power BI, and Excel for data processing, dashboard creation, and deriving actionable insights. Demonstrated ability to translate complex datasets into clear visual narratives that support strategic decision-making. Actively seeking internship or entry-level roles as a Data Analyst or Business Analyst.

TECHNICAL SKILLS

Data Analysis	Microsoft Excel (Advanced), Power BI, Data Cleaning, Dashboarding, KPI Tracking
Database	SQL (Queries, Joins, Aggregations, Data Retrieval)
Programming	Python (Pandas, Basic Analytics), Java
Visualization & Design	Power BI, Figma, Adobe Photoshop
Concepts & Soft Skills	Business Analysis, Data Storytelling, Problem Solving, Decision Support
Cloud & Certifications	Microsoft Azure (AZ-900), AWS Cloud Practitioner Essentials

PROFESSIONAL EXPERIENCE

Interface Specialist

May 2024 – Present

CognoRise InfoTech · Remote

- Designed user-centered UI/UX solutions by analyzing behavioral data, resulting in measurable improvements in usability and engagement.
- Analyzed interaction patterns using heatmaps and session data to identify friction points and propose data-driven design improvements.
- Built prototypes and design workflows in Figma, aligning visual output with quantitative user research findings.

Graphic Designer

Dec 2024 – Present

Sri Krishna College of Engineering and Technology · Coimbatore

- Designed event promotional materials applying visual storytelling techniques to maximize audience reach and communication clarity.
- Collaborated with department teams to translate organizational goals into compelling visual content for technical and non-technical audiences.

Full-Stack Developer Intern

Mar 2024 – Apr 2024

CodSoft · Coimbatore

- Managed and queried SQL databases to support data-driven features in web applications, including filtering, reporting, and structured retrieval.
- Developed backend-integrated web apps with clean data pipelines, gaining hands-on experience in organizing and validating datasets.

PROJECTS

Sales Data Analysis Dashboard | [Power BI](#) · [Excel](#)

- ▶ Analyzed 10,000+ row sales dataset to uncover revenue trends, regional performance gaps, and customer behavior patterns.
- ▶ Built interactive Power BI dashboards with slicers and drill-throughs, visualizing KPIs including profit margin, MoM growth, and segment performance.
- ▶ Delivered insights that improved simulated decision-making accuracy by presenting complex data through intuitive visual storytelling.

Student Performance Analysis | [SQL](#) · [Excel](#)

- ▶ Cleaned and normalized a multi-attribute student dataset using advanced SQL queries (JOINS, GROUP BY, HAVING).
- ▶ Utilized Excel pivot tables and conditional formulas to analyze performance trends across subjects, attendance, and demographics.
- ▶ Identified key factors affecting academic outcomes and presented findings through structured summary reports.

UI/UX Case Study – User Behavior Analysis | [Figma](#) · [User Research](#)

- ▶ Conducted user interviews and behavioral analysis to identify friction points in existing interface designs.
- ▶ Designed and prototyped optimized interfaces in Figma, grounded in data-driven persona development and journey mapping.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Business Systems

2023 – Present

[Sri Krishna College of Engineering and Technology, Coimbatore](#)

CERTIFICATIONS

- ▶ Microsoft Certified: Azure Fundamentals (AZ-900) — Microsoft
- ▶ AWS Cloud Practitioner Essentials — Amazon Web Services

ACHIEVEMENTS & ACTIVITIES

- ▶ 🏆 2nd Prize – Tech Haven 2K25 Project Expo | Recognized for outstanding project innovation among competing teams.
- ▶ 🧑 Participant – HacXLerate 2025 National Hackathon | Competed in a national-level hackathon focusing on real-world problem solving.
- ▶ Active contributor to collaborative technical and data-driven projects within academic and professional communities.

ADDITIONAL INFORMATION

- ▶ Core interests span Data Analytics, Business Intelligence, and decision-support systems.
- ▶ Comfortable working with real-world datasets: cleaning, transforming, visualizing, and communicating findings to diverse stakeholders.
- ▶ Open to internships, analyst roles, and collaborative data or design projects.
